# How much is my raise in 2027?

**3.6%** **more, starting with the payment for January 2027. (It was 2.8% in 2026.)**

> "Social Security and Supplemental Security Income (SSI) benefits for 76 million Americans will increase 3.6 percent in 2027."
>
> **Social Security Administration, ssa.gov/cola, 14 October 2026**

| | |
|---|---|
| **FOR EXAMPLE** | On a $2,000 monthly benefit, 3.6% is $72 more a month, before anything is taken out for Medicare. (Our arithmetic, not SSA's: your letter has your exact amount.) |
| **NOT THE WHOLE STORY** | If Medicare Part B is taken out of your check, the new Part B premium comes out of the raise. The 2027 premium hadn't been announced when this book was checked: see page 17. |
| **WHAT TO DO** | Look for your COLA letter: online in late November in your my Social Security account, or by mail in December. |

**YOURS**

My monthly benefit in 2026: $ _____

My monthly benefit in 2027 (from my letter): $ _____

**Checked 3 Nov 2026 at:** ssa.gov/cola · ssa.gov/news/en/press/releases/2026-10-14.html

# What is the Part B premium for 2027?

**$_____** **Write it in when it's announced. CMS hadn't published it on 3 November 2026.**

| | PREMIUM A MONTH |
|---|---|
| 2026, final (CMS) | $202.90 |
| 2027, projected by the Trustees | $209.50 |
| 2027, final | write it in above |

> "The estimated monthly premium for 2027 is $209.50."
> **2026 Medicare Trustees Report: a projection, not the final number**

**THE DEDUCTIBLE** Part B's yearly deductible was $283 in 2026; the Trustees projected $292 for 2027.

**REGISTERED OWNERS** When CMS announces 2027, we send you this page with the final numbers printed in. Register free on the last page.

**NOT FOR** Higher incomes pay more (page 18). Low incomes can get help (page 22).
